## Teaching and Learning Resources for Grade SSC English

### SSC Recommended Texts and Reference Materials

Given below is a list of useful recommended textbooks that may be used by students and teachers. As no examination material will be reproduced from the learners' textbook, teachers are not confined to the use of the same text in every school. Any one of the texts recommended below should promote sound learning, and we leave it to the individual teacher to specify one or the other as the text for Grade IX and X. No pupil should be asked to equip him or herself with more than one text but we would recommend that copies of all textbooks be placed in the school library. The recommended texts will be periodically updated.

The recommended texts are:
